

Tourist to resident ratios in popular destinations worldwide

Primary Source: [Overtourism, optimisation, and destination performance indicators: a case study of activities in Fjord Norway](#)

Additional Sources: various, compilation of the authors

Populations shown are within city (or country) limits unless otherwise noted

*More rigorous uniform data standards are needed, but estimates shown are within ranges reported by various bona fide sources

Destination	Residents '000	Tourists '000	Tourists per Resident	Source
New Orleans (historic center)	4	10,440	2,683.69	UNO Hospitality Research Center
